

North Wolds Federation Intent Statement

Art and Design

Our overall intent is for children to be able to express themselves creatively through their individual interests, thoughts and ideas whilst experiencing and appreciating the art and design of others, both past and present, to influence and enhance their own work. We aim to deliver a high quality curriculum to enable our children to develop skills and knowledge through a planned, ambitious, age appropriate progression that builds on previous learning. This will develop cultural capital and enable children to appreciate works of artists and designers in galleries and museums or through a variety of different resources.

Our art and design curriculum is accessible to all and enables our children to achieve their potential. Our ultimate aim is for our children to understand how art and design both reflect and shape our history and contribute to the culture, creativity and future of our nation.

Market Rasen C of E Primary School, one of the schools in our Federation, is a proud Church School. The aspects of the [Church School Vision](#) that relate to our intent in Art and Design include:

- **“We educate each person” & “Our inclusive school community”**; all children will access the Art and Design curriculum.
- **“Respecting individual differences”**; adjustments will be made for children that need them when learning to be an artist. This could be to support with creativity, fine motor skills or adapted resources.
- Help children to be **“Spiritually aware”** when they appreciate and create works of art. More information about this can be found in the Spirituality Policy.
- **“Start children off on the way they should go”**; we are preparing for children to be lifelong artists and have a love of and appreciation for creativity.
- To help children achieve their **“Dreams and goals”** if they believe their future lies within this subject area in further education, the workplace, a hobby or an even an interest.
