

North Wolds Federation Intent Statement

Grammar and Punctuation

Our intent at the North Wolds Federation is to ensure our children progressively gain the ability and confidence to use grammar and punctuation effectively to enhance their writing in all areas of the curriculum.

A structured progression, following the guidance from the 2014 National Curriculum, enables teachers to discreetly teach children grammar and punctuation knowledge which they then apply in their written work.

Finally, we intend the teaching of grammar to have a positive impact on children's spoken language so they can speak correctly and with confidence in different situations.

Market Rasen C of E Primary School, one of the schools in our Federation, is a proud Church School. The aspects of the [Church School Vision](#) that relate to our intent in Grammar and Punctuation include:

- **“We educate each person” & “Our inclusive school community”**; all children will access the Grammar and Punctuation curriculum.
- **“Respecting individual differences”**; adjustments will be made for children that need them when learning these areas.
- **“Start children off on the way they should go”**; we are preparing for children to have a good command of the written English to help them achieve their **“Dreams and goals”** in the future.
